Carmel's **Veterans Memorial Park Reflecting Pond** is the venue for **Admirals regularly scheduled scale** activities including fun runs and the Annual Subcommittee SubRegatta.

The park/pond is located West of Keystone Parkway at the intersection of 126th Street (which becomes City Center Drive at 3rd Avenue SW) and 3rd Avenue SW. There is ample free parking on the North side of the reflecting pond and adjacent to the West of the Pedcor Corp. building on the North side of the pond. Also there is a free 24 hour parking garage across the street about a ½ block south. The rest room facilities will be open on the Northeast and Southeast corners of the pond and the fountains will be turned off.

Carmel Indiana is hotbed of shopping and restaurants. The Farmers Market will be open across the street from 8am until 11:30 on the 20th so you can grab a light breakfast and it also means you will have many spectators wanting to see your works of art. So please be patient because the area will be busy first thing that morning. Therefore, you may have to unload and then park.
